

## Sport Coats Are in Greater Demand Than Ever

—and since you must have a Coat for cool evenings, cool days, or when you go on an outing, we would advise you to buy one of these new Coats, because it will answer a double purpose. Not alone are they made of materials that have just enough weight to keep the chill off, but they are also extremely fashionable. These are only two of the very many reasons why they deserve your attention. A visit to the Coat Section will supply the best reason of all.

### Waist News of Interest

Our Waist stock presents so many attractive styles one would think we ought to get more money for a good many of them, but we would rather leave the value to you. We would rather sell a quantity at a small margin of profit than only a few and have to sell them at high prices.

You should see our Silk Waist values at \$2.25, \$2.98 and up. These have all the little touches of newness—are made of excellent quality materials, and they are going fast. Have you got yours?

Other Waists, of dainty, sheer Voiles, Organdie, Lawn, etc., embroidered and prettily trimmed with Laces. Priced at \$1.00 and up.

### Special Value in Matting Suit Cases at 98c each

We have three dozen of these Cases we are going to put out Saturday at this low price. They are in 24 and 26-inch sizes, strongly made, reinforced corners, brass lock and end clasps. A nice light Case for summer use.

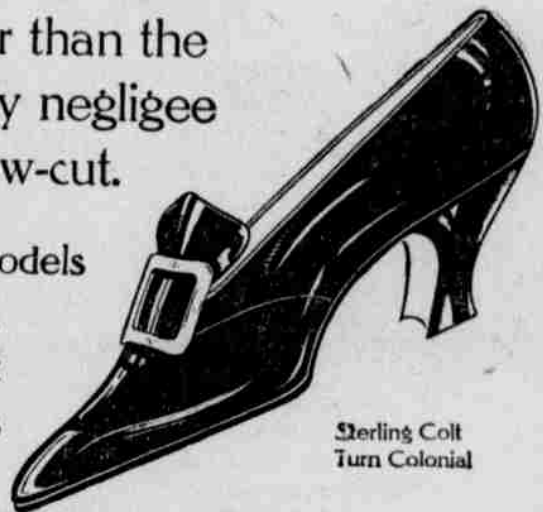

See them in our window.

News was received in Barre this morning of a quiet wedding which took place in Littleton, N. H., at 7 o'clock Tuesday evening, of Miss I. Jettia Sargent, formerly of Barre, to Everett Daniel Houghton, by Rev. A. J. Barrett of Littleton, N. H. The bride is well known here, being the daughter of Mr. and Mrs. Harry F. Sargent of Brooklyn street. The groom is employed in the granite belt, having worked here in Barre for the firm of Anderson & Johnson as boxer. They were attended by Miss Susie Wright and Ezra Nelson. Friends of both wish them much happiness in the future.

Complaint has been made to the authorities concerning the condition of the watering trough bowls at City square and at the North Seminary street intersection of North Main street. It is alleged that those upon whom devolves the care of the fountains have been so negligent in cleaning the bowls of vegetable matter and refuse that is bound to accumulate in the receptacles, that many horses refuse to drink the water from either fountain. Recently three horses in different sections of the city were taken suddenly ill and a malady which the veterinarian found difficult to diagnose was ascribed to the condition of the drinking fountains. It is stated that the fountains should be thoroughly cleaned every fortnight.

Landscape gardening is seldom associated with the appearance of stonemason premises, but at the plant of the Martinson Estate Co. in the south end, William Greig, a South Barre gardener, has accomplished a good deal in the way of brightening up the grounds near the shed on Batchelder street. Instead of the usual accumulation of grout, boards and refuse around a manufacturing plant, there are attractive flower beds, here and there a verdant grass plot, and everywhere the evident design of the gardener in plotting the premises confined to his care. To those who ordinarily count on a stone bruise or two in negotiating a stonemason's entrance, there is a gladsome surprise in store at the Martinson Estate Co.'s plant.

Among the visitors in the city yesterday and to-day were the following people: W. D. Hall of St. Johnsbury, E. E. Quebec of Brandon, E. R. Elkins of Littleton, N. H., E. L.
